Grange

Mattapoissett Grange held its bi-monthly meeting last Thursday night with the worthy master, Susan Bence, presiding. Honored guests were Mrs. Edna Day, a member of the State Home and Community Service committee; Paul Ouellette, master of Sippican Pomona; and Masters Herbert LaFleur of Acushnet, Leslie Thomas of South Middleboro, Manuel Roderick of Fairhaven and Gladys Sylvia of New Bedford Granges.

It was announced that a book had been purchased for the library in the Old Hammondtown School by the Home and Community Service committee.

At the conclusion of a short business meeting the lecturer's program was opened by crowning the 1968 queen and king in Mattapoissett Grange. The attractive crowns, made by Mrs. John Fearing, were placed on the heads of the worthy master, Susan Bence by Mrs. LeBaron proclaiming her the queen, and Herbert LaFleur, crowned by the worthy overseer, Otto Kellish who proclaimed him the king. They were escorted to decorated seats of honor by the assistant stewards.

"We Love You Truly" was sung by Walter Caswell. This was followed by a mock wedding performed by Leslie Thomas as

preacher, Frank Jefferson, the bride; Rebecca Day, the groom; and Paul and Joseph Ouellette, attendants.

The assistant stewards then came in bearing a huge basket of gifts for a surprise pre-nuptial shower for Miss Bence and Mr. LaFleur who are planning an April wedding. Many beautiful gifts were opened and displayed by the young couple, assisted by Mrs. Olive Gifford and Mrs. Beverly LaFleur. Among the guests were the king's mother, Mrs. LaFleur, and Mr. and Mrs. Bence, parents of the queen.

Two 50-year members, Mrs. Edith Johansen and George Bradley, were recognized; also Mrs. George Bradley who will receive her 50-year jewel this year. It was a nice surprise to welcome back Mr. and Mrs. Earle Wilson who have not been able to attend meetings for almost a year, due to their unfortunate accidents.

The mystery package was awarded to Mr. Bradley.

NATIONAL BANK OF WAREHAM OFFICER SPEAKS AT ORRHS

Mr. Richard D. Fairweather, assistant cashier of the National Bank of Wareham, addressed the Homemaking class at Old Rochester Regional High School on January 24th. Mr. Fairweather spoke on the requisites for the obtaining of credit at a bank, the kinds of loans which are available, and the cost of loans on installments, term notes, chattel mortgages and house mortgages. To maintain a good credit rating, he stressed the importance of notifying the bank if the borrower must be late with a monthly payment. The girls were shown how to reconcile the checkbook balance with the monthly statement from the bank. The stories of some of the customer problems brought to the community bank provided the girls with the understanding

Editorial

Next year President Johnson proposes to spend as much money in a single year as the total spent by 32 presidents starting with George Washington through Franklin Roosevelt's third term in 1948. That includes all of our wars through World War II's first year.

In eight years, under Presidents Kennedy and Johnson, federal spending has increased almost 90% from under 100 billion to 186 billion dollars. The biggest amount of this is for military spending - 77 billion. A close second, and threatening fast, is Health and Welfare spending which has now reached 50 billion dollars.

This is at a time when other welfare nations of the world are cutting back on socialistic

programs which threaten to overwhelm them and destroy their financial structure. Even the British, who financed their socialism with our aid money after World War II, have now started to cut out some of their socialistic schemes.

All other civilian spending has reached 45 billion. The cost of maintaining the country has been eclipsed by the welfare spending. The other item of 14 billion is interest on the national debt which grows steadily as the yearly deficit forces the government to borrow.

President Johnson's much demanded 10% tax boost would do little to reduce this mounting deficit. The Viet Nam war is using up 26 billion of the military total and

A census of all cardinals and titmice in the New England States will be held this week-end, February 10th and 11th. If you are fortunate enough to have either of these beautiful birds visit your yards or your feeders, please help the Massachusetts Audubon Society in this project which will enable them to obtain a more accurate picture of the northward extension of range of both species. In order to avoid duplication, observers are asked to provide the following information: greatest number of cardinals and titmice seen on the above dates, the sex of the cardinals (the male is all red; the female is light brownish with reddish wings, crest and bill), the location and the time of day. Recruitment continues for Junior Volunteers

to participate in the YWCA U S O program. Young women, 18-25 years of age who are high school graduates, junior career girls or college students, interested in fun, fellowship and community service, are invited to talk to Mrs. Grace Young at the "Y" regarding this program that includes Sunday dances at Otis Air Force Base, monthly training meetings and mixer-record hops at the YWCA, and occasional trips and tours. Opportunities to meet many young men and women, and to acquire many new skills and enjoyment of educational programs, are among the advantages of being a Junior Volunteer.

Junior Volunteers meet each month with the Cosmopolitan Group, participating in the informal conversational happenings, and discussions of interest regarding community projects. Inquiries regarding details of membership are welcome at the main desk.

The second YWCA ski weekend is scheduled for February 23-25, at the Berkshire Teen-Age Center which is operated by the Shaker Village Ski Group. This ski center is located on Mount Lebanon at the Massachu-

**How to make sure
you get every drop of
heating oil you pay for**

NOW SHELL Heating Oil is metered into your storage tank as electricity is metered into your home.

Our trucks are equipped with highly accurate meters that measure the exact amount of oil we deliver to your tank.

The meter prints the amount of oil delivered on a receipt. You get the printed receipt as a permanent record for your files.

Metered deliveries are one of the many advantages we offer our heating oil customers. For complete details, call us today.
